1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Joe McKinney Muncy on September 29, 2004.

The application has been amended as follows:

In claim 1, line 2 "band" has been changed to --section--, line 3 --said fabric section-- has been inserted after "and", line 4 --from said peripheral edge-- has been inserted after "upwards" and "fabric section to protect" has been changed to --protection for-- and line 5 --the visor blade-- has been inserted after "and" and "from" has been changed to --form with said annular strap--.

2. Per the interview of September 29, 2004 the above noted changes were agreed upon to better distinguish the features of the fabric section, the annular strap and the another annular strap.

3. The following is an examiner's statement of reasons for allowance: the prior art references of record are not seen to teach the additional limitations of the annular strap defining the another annular strap, the another annular strap having the inner loop and outer loop, the inner loop stitched to the visor blade and the visor blade defined by folding grooves and transverse grooves.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Note particularly, the folding in the visors of Sierra, Schumacher, Davis, Ferguson, Lougee, Carleton, Lien, Perna, Mahony, Mahlmann and Provitola et al. and the loops of Harbison, Coluccio and Shaeffer.
